About JKIMS

J&K Institute of Mathematical Sciences (JKIMS) was established in the year 2013 by the Department of Higher Education, Govt. of Jammu and Kashmir as an autonomous institute for popularizing Mathematics and fostering quality research in mathematical sciences, in collaboration with global centers of excellence to cater the ever amplifying demand of human resource development.

About Workshop

The workshop will be one week training program for teachers of the UT of J&K teaching mathematics at school level. During the workshop the experts of the subject will deliberate on the issues viz ;

- How to make mathematics interesting at school level.
- How to motivate young minds to pursue mathematics as there career option .
- To give a bigger picture of the mathematical notions , theorems, results taught at school level
